

PIZZA

All of our pizza is 100% plant-based, made from scratch to order! Our dough is made every morning fresh in store from local organic wheat flour, grown and milled in Ontario! Our sauces are all made completely from scratch using fresh organic ingredients. Our veggies are hand cut, and our mock meats are made in-house whenever possible. Each pizza is brushed with our signature oil blend made from cold pressed extra virgin olive oil, vegan melted butter, and "vegan magic" smokey faux-bacony grease.
